MISSION, VISION & OUR STORY

At Walk with Autism we encourage acceptance and awareness of autism – one step at a time.

Then we believe acceptance creates inclusion, and inclusion changes lives. Together, we're building a more understanding and connected community for all.

OUR MISSION

Walk with Autism is dedicated to encouraging acceptance, fostering awareness, and creating inclusive opportunities for individuals with autism and their families—one step at a time. Through education, advocacy, community partnerships, and meaningful connections, we work to build a community where everyone belongs.

OUR VISION

We envision a future where acceptance is the norm, inclusion is intentional, and every individual has the opportunity to live, learn, work, and thrive in a supportive community.

OUR STORY

Walk with Autism began after our son was diagnosed with autism. As we searched for resources and support, we realized many families in our community were facing the same challenges. We founded Walk with Autism to give back, connect families, and help build a more accepting and inclusive community – one step at a time.
